

Review & Enrichment

Week of April 27

1st Grade

Student Name _____

Teacher Name _____

If possible, please return paper copies to drop boxes at food distribution sites or if using online access email teacher upon completion.

McKeesport Area School District
Flexible Instruction Days – Elementary Lesson Plan

GRADE / SUBJECT: first grade/Reading			LESSON TITLE: The Weather with focus on vocabulary	
<input type="checkbox"/> LESSON 1:	<input type="checkbox"/> LESSON 2:	<input type="checkbox"/> LESSON 3:	<input type="checkbox"/> LESSON 4:	<input checked="" type="checkbox"/> LESSON 5:
<p>STANDARDS AND SEQUENCE:</p> <p>Standard - CC.1.1.1.D Know and apply grade-level phonics and word analysis skills in decoding words. • Read grade-level words. *one and two syllable words with meaning of nouns reinforced by photos. *repetitive sentence structure</p> <p>Standard - CC.1.1.1.E</p> <p>Read with accuracy and fluency to support comprehension: • Read on-level text with purpose and understanding. • Read on-level text orally with accuracy, appropriate rate, and expression on successive readings. • Use context to confirm or self-correct word recognition and understanding, rereading as necessary.</p> <p>Standard- Standard - 3.1.1.A2</p> <p>Investigate how rain, sun and wind effect how we live, dress and play.</p>				
<p>INSTRUCTIONAL OUTCOMES:</p> <p>Students will:</p> <ul style="list-style-type: none">Review high frequency vocabulary words in the context of a storyIncrease fluencyUse prior knowledge to show understanding of vocabulary				
<p>STUDENT PARTICIPATION:</p> <p>Students will:</p> <ul style="list-style-type: none">Read the story, "The Weather" (read independently, read with a family member)Follow the directions to complete the responding section in the back of the book.Complete p.11 to draw what you like to do when it rains and label the picture.				
<p>ACCOMMODATIONS:</p> <p>For struggling learners:</p> <p style="padding-left: 20px;">Story is read to them by an adult. Shorter responses and picture only is acceptable.</p> <p>For advanced learners:</p> <p style="padding-left: 20px;">Students will use 2 or more vocabulary words when writing their responses.</p>				

RESOURCES: Journeys reading program

Copy of the story "The Weather"

Copy of Pgs. 6/7/11,12

EVIDENCE OF LEARNING

Students will demonstrate:

Understanding of high frequency vocabulary by completing the assigned pages

Demonstrate understanding of what animals can fly by completing the drawing and writing responses.

The Weather

by Ryan Hensley

HOUGHTON MIFFLIN HARCOURT

🔊 I want to go out
to play.

🔊 I try to play
in all kinds of weather.

🔊 I want to play
in the wind.

🔊 I do not want to play
in this wind.

🔊 The wind blows
more and more.

🔊 I want to play
in the rain.

🔊 I want to use an umbrella
with my mother.

🔊 I want to wash my
old boots in the rain.

🔊 I want to play
in the sun.

🔊 I run out my door
to play in the sun!

Responding

WORDS TO KNOW

Word Builder

Fill in the missing word in this sentence: When it is hot, I _____ to eat ice cream.

Write About It

Text to Self Draw a picture of something you want to do when it rains. Label your picture.

WORDS TO KNOW

door

more

mother

old

try

use

want

wash

TARGET STRATEGY

Infer/Predict

Use text clues to figure out important ideas.

The Weather

Draw a picture of yourself outside in one kind of weather. Make sure you are wearing the right clothes!

Write a sentence that tells about this kind of weather.

Name _____

Words to Know

Weather
Words to Know

Fill in the blank to finish each sentence.

Use the words from the word bank.

Word Bank

door

mother

try

want

more

old

use

wash

1. _____ your hands before dinner.

2. Her _____ shoes did not fit.

3. Do you want _____ eggs?

4. I told you what I _____ for my birthday.

5. Did you shut the _____?

6. The _____ cat takes care of her kittens.

McKeesport Area School District
Flexible Instruction Days – Elementary Lesson Plan

GRADE / SUBJECT: 1 st / Math			LESSON TITLE: subtracting groups of ten	
<input type="checkbox"/> LESSON 1:	<input type="checkbox"/> LESSON 2:	<input type="checkbox"/> LESSON 3:	<input type="checkbox"/> LESSON 4:	<input checked="" type="checkbox"/> LESSON 5:
STANDARDS AND SEQUENCE: CC.2.1.1.B.3 Use place value concepts and properties of operations to add and subtract within 100				
INSTRUCTIONAL OUTCOMES: Students will: <ul style="list-style-type: none">• Skip count to find the total number of items arranged in sets of 10• Skip count orally by 10• Subtract 10 from multiples of 10 in the range of 100				
STUDENT PARTICIPATION: Students will: <ul style="list-style-type: none">• Count ten with an adult using objects (etc. Pennies, blocks, cereal)• Complete work mat pages 355-358.•				
ACCOMMODATIONS: For struggling learners: <ul style="list-style-type: none">• Students can use commonly found objects at home (pennies, cereal, blocks) 10 For advanced learners: <ul style="list-style-type: none">• Students can counting backwards by 10s from 120 – 10.				

EVIDENCE OF LEARNING

Students will demonstrate:

- Understanding of subtraction by 10's and complete Practice Worksheet 11-1
- Understanding that subtracting ones is similar to subtracting tens

Name _____

Subtracting Groups of 10

1. _____ - _____ = _____

_____ - _____ = _____

3. _____ - _____ = _____

_____ - _____ = _____

2. _____ - _____ = _____

_____ - _____ = _____

4. _____ - _____ = _____

_____ - _____ = _____

© 1.NBT.6 Subtract multiples of 10 in the range 10–90 from multiples of 10 in the range 10–90 (positive or zero differences), using concrete models or drawings and strategies based on place value, properties of operations, and/or the relationship between addition and subtraction; relate the strategy to a written method and explain the reasoning used.

Home Connection Your child used place-value blocks to model taking away tens. Then your child wrote subtraction sentences.

Home Activity Use cups and small household objects such as buttons or paper clips. Put out eight cups and put ten items in each cup. Have your child count the items. Then take away one or two of the cups and ask how many items are left. Repeat the activity and ask your child to write a number sentence to show how many items are left.

You know how to subtract ones.

$$5 - 1 = 4$$

So, you can subtract 1 ten from groups of 10.

5 tens minus 1 ten
is like subtracting
 $5 - 1$.

$$5 \text{ tens} - 1 \text{ ten} = 4 \text{ tens}$$

Guided Practice

Write the numbers to complete each number sentence.

1.

$$\underline{7} \text{ tens} - \underline{1} \text{ ten} = \underline{6} \text{ tens}$$

$$\underline{70} - \underline{10} = \underline{60}$$

2.

$$\underline{\quad} \text{ tens} - \underline{\quad} \text{ tens} = \underline{\quad} \text{ tens}$$

$$\underline{\quad} - \underline{\quad} = \underline{\quad}$$

3.

$$\underline{\quad} \text{ tens} - \underline{\quad} \text{ tens} = \underline{\quad} \text{ tens}$$

$$\underline{\quad} - \underline{\quad} = \underline{\quad}$$

Do you understand? How is subtracting $60 - 10$ like subtracting $6 - 1$?

5 tens is 50.
1 ten is 10.

$$50 - 10 = ?$$

5 tens minus 1 ten
equals 4 tens.

4 tens is 40.

So, $50 - 10 = 40$.

Independent Practice

Write the numbers to complete each number sentence.

4.

_____ tens - _____ ten = _____ tens

_____ - _____ = _____

5.

_____ tens - _____ tens = _____ tens

_____ - _____ = _____

6.

_____ tens - _____ tens = _____ tens

_____ - _____ = _____

Algebra

7. Jacob solved these problems. Did Jacob subtract 1 or 10?

$$50 - \square = 40$$

$$60 - \square = 59$$

Solve the problems below.

8. Ethan had 80 crayons. He gave 10 crayons away.
How many crayons does Ethan have now?

Write a number sentence.

_____ - _____ = _____ _____ crayons

9. 20 teddy bears were for sale at the store.
After a day, 10 teddy bears were sold.

How many teddy bears are on sale at the store now?

30

50

10

0

(A)

(B)

(C)

(D)

10. **Journal** Write a story problem for $90 - 10 = 80$.

Name _____

Practice

11-1

Subtracting Groups of 10

Write the numbers to complete each number sentence.

1. _____ tens _____ ten = _____ tens

_____ = _____

2. _____ tens _____ tens = _____ ten

_____ = _____

3. _____ tens _____ tens = _____ ten

_____ = _____

Algebra

4. Cross out some tens in the picture.

Then fill in the number sentence.

5 tens _____ tens = 3 tens

50 _____ = 30

GRADE / SUBJECT: Reading/Social Studies 1st grade		LESSON TITLE: The Williams Sisters		
<input type="checkbox"/> LESSON 1:	<input type="checkbox"/> LESSON 2:	<input type="checkbox"/> LESSON 3:	<input type="checkbox"/> LESSON 4:	<input checked="" type="checkbox"/> LESSON 5:
STANDARDS AND SEQUENCE: <ul style="list-style-type: none">CC.1.2.2.J: Acquire and use grade-appropriate conversational, general academic, and domain-specific words and phrases.CC.1.2.2.K: Determine or clarify the meaning of unknown and multiple-meaning words and phrases based on grade-level reading and content, choosing from a range of strategies and tools.				
INSTRUCTIONAL OUTCOMES: <p>Students will:</p> <ul style="list-style-type: none">Read and understand the text.Be able to state the main idea and supporting details using text evidence.Respond in writing to a given prompt.Complete the high frequency word page with at least 80% accuracy.				
STUDENT PARTICIPATION: <p>Students will:</p> <ul style="list-style-type: none">Read the selection <i>The Williams Sisters</i> (options for reading: read independently, read together with a family member/care giver, listen to the audio version on your Think Central student account).Respond to the text.Write about reading. Reread text to assist with answering the prompt.Complete corresponding worksheets.				
ACCOMMODATIONS: <p>For struggling learners:</p> <ul style="list-style-type: none">Options for accessing the text are provided (read with an adult, listen to an audio version).Shorter responses are acceptable or highlighting/underlining text evidence if written response is difficult. <p>For advanced learners:</p> <ul style="list-style-type: none">Student responses should be more thorough and complete.An extension activity could include the opportunity to use the robust vocabulary words in sentences with a different context.				
RESOURCES: <ul style="list-style-type: none">The Williams Sisters leveled readerWriting utensilsOptional (access to Think Central student account)Corresponding worksheets				

The Williams Sisters

by Charlotte Collins

HOUGHTON MIFFLIN

🔊 When she was young, Venus Williams went to the park with her dad. She did not play on a slide or in a field. She went to the tennis court. Her dad handed her a racket and a ball and taught her to play tennis.

🔊 Soon Venus loved tennis as much as her dad did. Venus tried to hit the ball over the net. Sometimes she hit it. Sometimes she missed. She was learning to be a great player.

Later, Venus began to play tennis with her sister, Serena. Venus and Serena practiced together. Venus hit the ball, and Serena hit it back. They got better and better at tennis.

🔊 Venus and Serena grew stronger. They played against other girls and won big matches. Everyone could see that the sisters were great players.

🔊 Venus helped her younger sister. "I always like to win," Venus said. "But I'm the big sister. I want to make sure she has everything, even if I don't have anything."

🔊 Serena looked up to her sister, but she wanted to win. Serena said that playing against Venus was hard. In 1999, Serena won the U.S. Open. She was not sorry that she won the championship.

🔊 Venus and Serena have played tennis for more than 20 years. They have won many important matches. People say they have changed the game of tennis with their powerful play.

🔊 Tennis is not the only thing that Venus and Serena share. They both like to read books. They both like to make clothes. They both work hard.

🔊 Venus and Serena compete against each other. They may even fight, like most brothers and sisters. They are still friends.

🔊 "Tennis is just a game," Serena said. Family comes first for these sisters.

Responding

✓ **TARGET SKILL** Main Idea and

Details What is the most important idea in the book? Share some details that tell more about it. Make a web.

Write About It

Text to World Why is it hard to compete against a sister or brother? Think of three reasons. Write three sentences that tell your reasons.

WORDS TO KNOW

brothers

most

everyone

only

field

people

loved

sorry

TARGET SKILL

Main Idea and

Details Tell the most important idea and details about a topic.

TARGET STRATEGY

Summarize

Stop to tell important ideas as you read.

GENRE

Narrative nonfiction tells a true story about a topic.

The Williams Sisters

Think about the Williams sisters. Why would it be fun to watch them play tennis together?

Handwriting practice lines consisting of solid top and bottom lines with a dashed middle line. There are ten sets of these lines for writing.

Name _____

Think About It

The Williams Sisters
Think About It

Listen to the question. Write an answer.

1. Why does Serena say that tennis is just a game?

Making Connections Think about something you think is very important. Write some sentences about what it is and why it is important to you.

Name _____

Web: Main Idea and Details

The Williams Sisters
Graphic Organizer 5

Title: The Williams Sisters

Name _____

Words to Know

Winners Never Quit!
High-Frequency Words

Write a word from the box to complete each sentence. Read each sentence aloud.

Words to Know

sorry

most

brothers

people

only

everyone

1. I have two _____ and one sister.

2. Jill spent _____ of her money.

3. This is my _____ pencil.

4. I am _____ that I am late.

5. Many _____ take the train.

Name _____

Syllable Pattern CV

Winners Never Quit!
Phonics: Syllable Pattern CV

Circle the word that best fits in the sentence.
Then write the word on the line.

1. I made a _____ in class.

root robot

2. The _____ fed her cat.

lady land

3. The _____ is playing with
a block.

baby band

4. Did you see the _____?

tear tiger

Read each word that you wrote.
Tell how many vowel sounds you hear.

5

Give each answer.

1. $11 - 5 = \underline{\quad}$

2. $9 - 2 = \underline{\quad}$

3. $10 - 4 = \underline{\quad}$

4. $5 - 0 = \underline{\quad}$

5. $6 - 2 = \underline{\quad}$

6. $8 - 1 = \underline{\quad}$

7. $9 - 3 = \underline{\quad}$

8. $7 - 1 = \underline{\quad}$

9. $11 - 2 = \underline{\quad}$

10. $12 - 8 = \underline{\quad}$

11. $10 - 3 = \underline{\quad}$

12. $7 - 3 = \underline{\quad}$

13. $11 - 1 = \underline{\quad}$

14. $12 - 10 = \underline{\quad}$

15. $7 - 2 = \underline{\quad}$

16. $9 - 5 = \underline{\quad}$

17. $5 - 4 = \underline{\quad}$

18. $11 - 10 = \underline{\quad}$

19. $9 - 1 = \underline{\quad}$

20. $10 - 9 = \underline{\quad}$

21. $12 - 6 = \underline{\quad}$

22. $9 - 0 = \underline{\quad}$

23. $12 - 2 = \underline{\quad}$

24. $11 - 4 = \underline{\quad}$

25. $8 - 2 = \underline{\quad}$

26. $10 - 1 = \underline{\quad}$

Name _____

Common Core Standards Practice

1.OA.C.5 Relate counting to addition and subtraction (e.g., by counting on 2 to add 2).

Which matches the model?

(A) $6 + 7$

(B) $4 + 5$

(C) $3 + 3$

(D) $3 + 4$

Which matches the model?

(A) $10 - 8$

(B) $10 - 2$

(C) $8 - 2$

(D) $8 + 10$

Which matches the model?

- (A) $6 - 2 - 2 = 2$
- (B) $4 + 2 + 2 + 2 = 10$
- (C) $4 + 1 + 1 + 1 = 7$
- (D) $10 - 2 - 2 - 2 = 4$

Which matches the model?

- (A) $8 + 3$
- (B) $8 - 3$
- (C) $8 - 7$
- (D) $7 - 5$

Write an addition sentence that matches the model.

___ ○ ___ ○ ___ ○ ___

Cut on the dashed lines. Place glue in the gray areas. Assemble into number line (1-100).
